

## Machine Design, Concept & Vision

The Compact name has long been synonymous with innovation that has helped transform the Pressure Sensitive Label Applicator industry in Australia.

Compact Labelling Systems' technology is known worldwide for quality, reliability, and productivity, while the equipment produces billions of quality decorated name brand products of all shapes and sizes year after year.

Continuous technological innovation, client/partner relationships and product line diversification are all part of the Compact vision - a commitment to leadership tied directly to the needs of our global customer base.

## Service That Maintains Peace of Mind

Compact is firmly committed to providing the highest levels of customer support, while customers consider Compact to be a 'Low Maintenance Supplier'. The attention to detail in the machine manufacture is a commitment to ensure that each and every installation of a Compact Label Application machine exceeds customer expectations and helps your company achieve the highest possible levels of success. The Compact team is focused on a single goal - superior customer satisfaction resulting in maximising your return on investment.

## Our Commitment to Customers

With machines installed at thousands of locations in Australia, New Zealand, Asia-Pacific, Africa, North & South America, Compact is truly a strong global presence. The combination of Compact's innovative design, rigorous manufacturing standards, competitive pricing and robust testing, has produced the industry's leading Pressure Sensitive Label Application equipment for an extremely wide range of applications. It is this unwavering commitment to constant improvement that drives ongoing development in our research and development facility. Compact's heritage of unmatched engineering excellence has consistently delivered superior technology and process innovation to the global pressure sensitive applicator industry.

Just as commitment to excellence is designed into every piece of Compact equipment, so too is it built into every aspect of our relationship with each of our customers. Compact is proud of our heritage of partnering with our customers to understand their business issues and the key complexities of their decoration challenges.
